DATABASE MANAGEMENT SYSTEMS (HARDBACK)

Arcler Education Inc, Canada, 2016. Hardback. Condition: New. Language: English. Brand new Book. A Database Management system (DBMS) is a software system that provides basic functions for processing of large amounts of data: simple search, storage with minimum redundancy, data updates, and concurrent (competitive) usage of the same set of data, data reliability, and data security. The DBMS also enables a logical and physical independence between the application program and the data, data integrity (accuracy) and easy communication with the...
